HL Display acquires Topglobal, S.L.

HL Display has signed an agreement to acquire Topglobal, S.L. ("Top Global"), a Spanish provider of visual communication and retail marketing solutions for retailers and brand suppliers. The acquisition strengthens HL's presence in Spain and its position as a leading supplier for in-store merchandising and communication solutions in Europe. It is the latest step in the HL's accelerated growth journey.

Founded in 2001, Top Global has established itself as a trusted provider of retail communication and printing solutions for retailers and brand customers in Spain. Based in Móstoles, near Madrid, Spain, the team of 31 employees has built strong, long-standing relationships with major retailers across the Spanish market.

"I am delighted to announce the acquisition of Top Global", says Jonas Magnusson, CEO of HL Display. "Top Global's local production, printing and installation expertise, combined with its strong retailer relationships in Spain, make it an excellent complement to our own offer. Bringing the two teams together will allow us to offer a broader, more complete range of in-store communication and merchandising solutions to our customers in Spain. I look forward to welcoming the Top Global team to HL."

Jacinto Mora, CEO of Top Global, says: "Over the years we have built Top Global into a trusted partner for our customers, known for the quality of our design, print and installation work. Joining HL gives us access to a wider network and complementary capabilities and together, we can offer our customers an even stronger and more complete solution. I am proud of what our team has built, and excited to keep growing together with HL."

The acquisition is expected to close during the fourth quarter 2026, subject to customary closing conditions.
