

4eBin™

4eBin™

High visibility and  
easy maintenance

**Mounting instructions**

# Installation

## On crossbar with swing down arms:

- 1 Place the swing down arm on the crossbar in the desired position.
- 2 Turn the screw 90° in a safe mode, just to avoid the holder falling.
- 3 Hang the gravity bins onto the metal holder and fix the screws that lock completely the holder onto the crossbar.

- 4 4eBin™ has two positions: dispensing and refilling. When refilling the bin the 4eBin™ can be moved 90° down enabling easy refill without removing the bin from the shelf.

- ! Installing swing down arms is the preferred option for rows higher than 1,60 m.
- ! 4eBin™ and 3eBin™ are compatible with both SDA4e and SDA.

SDA4e

# Installation

## On crossbar with holder:

- 1 Place the metal holder on the crossbar in the desired position.
- 2 Hang the gravity bins onto the metal holder.

- ! 4eBin™ and 3eBin™ are fully compatible with both XH4e and XH.
- ! 4eBin™ and 3eBin™ are both compatible with GB FOOT.

## On shelf with foot:

- 1 Fix the BBR profile onto the shelf at the right depth (put 1 foot at each shelf end as help).
- 2 Mount the bin to GB Foot.
- 3 Angle bin slightly when inserting it into the profile. Push it into the desired position and the bin and the foot will be locked in place.

# Remerchandising

## First in, first out

- 1 Remerchandising is done through the top lid. The lid can be fully removed or just opened.
- 2 Remerchandising for gravity bins is greatly facilitated by the use of swing down arms.
- 3 Another option for remerchandising is to remove the bin from the racking and use the refilling trolley.

# Flow control

## Determine the flow of merchandise

- The opening of the shutter can be set in three (3) different positions, minimum, medium and maximum flow
- Default setting is the minimum flow
- Adjust the flow by moving the metal pin to the desired position

Metal pin

# Price communication

## Holder for ESL carrier profile

- 1 To mount an ESL label, you need a holder with a carrier profile.
- 2 Insert the ESL label into the carrier profile.
- 3 Fix the ESL carrier profile to the GB4e-ESLH holder.
- 4 Click-on the GB4e-ESLH holder to the bin front.
